Wins Third In National Judging

Each year the chapters of Beta Sigma Phi Sorority throughout the world have the privilege of entering one of its members in the annual International Valentine Contest to select a Beta Sigma Phi Valentine Queen from the Ritual of Jewels, Exemplar and Exemplar Preceptor membership, and a Valentine Princess from the Nu Phi Mu Degree membership.

Beta Sigma Phi members of the Pahokee-Canal Point area were pleasantly surprised and delighted to read in the February issue of the sorority's magazine, "The Torch of Beta Sigma Phi," that Carol McIntosh of Pahokee had placed third for the honorary title of Valentine Princess among the many hundreds of contestants that took part in the contest. Carol is a member of Phi Gamma Nu Chapter and wife of Kenneth McIntosh, a junior banking executive associated with the Bank of Pahokee.

Dick Van Dyke, TV and motion picture star, served as judge in this year's contest, basing his judging on the beauty, poise and personality projections of the candidates. The Valentine Queen selected was Rosemary Beachboard of Hickman Mills, Mo.; with Sandra Green of Wilmington, N. C., second place; and Doris Tayooka Johnson of Honolulu, Hawaii, third place.

In the Valentine Princess contest Connie Ringer of Independence, Mo., won first place; Leone Farrell of Reno, Nev., second place; and Pahokee's Carol McIntosh, third place.

Tallahassee — State Comptroller Fred O. "Bud" Dickinson announced on Wednesday that he will ask Florida voters to return him to the Cabinet office as Comptroller of Florida, said he will qualify later this month as a candidate in the May Democratic primaries.

The 44-year-old former member of the State House of Representatives and State Senate pledged "I will offer myself to the people as an advocate of a strongly conservative financial philosophy for our state, balanced with plans to cope with the problems of a growing Florida."

Dickinson, who co-authored or led floor efforts for much of the major legislation involving conservation, education and fiscal policies during his legislative tenure, said "among the primary issues facing Florida today are the unparalleled needs in education, conservation and coordinated fiscal policies."

Baptists To Build New Pastorium

A new sign is in place on the lot on Third Street in Canal Point. That new sign designates the location for the new Canal Point Baptist Church pastorium to be erected sometime in the not too distant future. The location is next door to Mr. and Mrs. Joe P. Parker and is one of the choice lots in Addition No. 2 to the lots of Canal Point.

According to officials of the church, financing is being worked out for the construction costs, the members of the church having voted favorably on spending the money. It is estimated that the cost of the modern structure will be in the neighborhood of \$18,000 to \$20,000. The fill on the lot has already been put in and this was done at a very nominal cost, if any, to the membership of the church.

The new structure will be three bedrooms, one study, with other conventional rooms to make up the modern and up-to-date pastorium. It will be a building of beauty with brick finish, one church of

Prices Are Steady Here After Freeze

The person not familiar with goings-on in the farming industry the Glades might think that commodity prices would soar sky-high after a freeze such as we had a couple of weeks ago. Some growers even hoped for higher prices, but sales have been moderate and prices have held steady during the past few days. Offers have been unusually light, of course, following the cold weather.

Cabbage has been in good demand and the market has been about steady with the price mostly in the \$3.25 bracket. Some fair quality has been available.

Corn has been in good demand but the supply has been limited. The price has been steady around \$4.00 with one mark US fancy bringing fifty cents more for a total of \$4.50 per crate.

Celery demand has been fair and the market termed barely steady. Price on the delectable veggie has been in the neighborhood of \$3.25 to \$3.50 per crate. Hearts in crates of 24s and file wrapped have been going for \$4.15.

(NOTE: The agricultural editor of this newspaper was in the Homestead community on Saturday afternoon and bought a quart container of delicious strawberries from a roadside stand for \$1.00. Yes, that's right, \$1.00 per quart.)

Rotary Ladies Night Mar 10

Pahokee Rotary Club President Joe Thompson has announced that the club's Annual Ladies Night program will be held on Thursday, March 10. The president said that tentative plans call for holding the special event at The Inn at Royal Palm Beach.

"Plans are underway to secure an entertaining speaker for the evening," President Thompson said. "We want to make the evening as interesting as possible for the visiting ladies," the president added.

Everyone is cordially invited to attend, according to Rev. S. N. Allen, pastor of the Church.

Mrs. McIntosh Is Queen Of Valentines

The 17th annual Beta Sigma Phi Valentine Dance was held Saturday night in the Elks Lodge Hall with a large crowd attending the invitational ball, the "crowning" social event of the winter season in the Pahokee-Canal Point area.

Mrs. Kenneth McIntosh, member of Phi Gamma Nu Chapter, who recently won third place in the Beta Sigma Phi International Valentine Contest to select a 1966 further honors Saturday night, when she was named to reign as Queen of the Dance.

The welcoming address to guests was given by Mrs. Donna Plumer, and the presentation of the crown was made by Mrs. Mary Thomas, president of the sorority's City Council. Queen Carol was presented also with a gift and a lovely bouquet of roses.

Music for dancing was furnished by Joe Sigmund's Orchestra of West Palm Beach. Each of the four local chapters of Beta Sigma Phi participated in preparations for the benefit Valentine Dance, with Mrs. Joe Hatton, Jr., serving as general chairman in charge of arrangements.

Proceeds from the dance go into the newly established Beta Sigma Phi Nursing Scholarship Fund. This scholarship can be used by a girl who is a high school graduate residing in the Pahokee-Canal Point area and wants to become a registered nurse. The scholarship can be paid back after the recipient graduates from a nursing school over a five-year period, or if she works at the Everglades Memorial Hospital for one year after graduation, she does not have to repay the scholarship loan. Applications for the scholarship are being received by Mrs. Doris Lane, Dean of Girls at Pahokee High School.

Dinner Is Served For Baptists

The Alberta Taylor Circle of the Canal Point Baptist Church was host to the membership at a Panama Dinner on Wednesday evening at 7 p.m. The dining room was festively decorated with palm trees, banana trees, parrots, birds, coconuts, Indian relishes and Panama dresses.

A Panama dinner of arros con pollo, red beans and other typical dishes was served. The waitresses were attired in dresses of Panama. Mr. and Mrs. Charles Brown were hosts for the circle. Mrs. Brown chose a basic orange and multi-colored Indian dress for the occasion.

The group enjoyed a film on life in and around the Panama Canal Zone. Rev. H. C. Claxton of Nigeria was the speaker for the evening, in connection with the current School of Missions.

Council Seats Up For Election

At Pahokee's annual election scheduled to be held on Tuesday, May 2, a large number of candidates will be seeking office. The election is scheduled for the same day that the state and county primary elections will be held — May 2.

Pahokee, under its present laws, will name a police chief, city clerk, mayor and four city councilmen. A special referendum is scheduled to be held in the city on March 8 and its passage could change some of these elective offices, according to city officials.

Mayor Duncan Padgett, who is completing his second term, will in all probability, be a candidate for reelection to another term. His opposition has not shown up yet on the political horizon. Some talk is to the effect that one of the present councilmen may oppose him.

Councilmen Salvatore, Elarbee and Thompson will be rounding out their terms and their positions on the board will be up for contest. Which ones will seek reelection is not known at this time, but poli-

tical prognosticators say that two of the three will seek reelection to their present jobs.

R. F. Hurl, who has been promoted by his company, may move to Fort Lauderdale, thus leaving another seat vacant on the council — making it four seats to be filled in the May 2 election.

Marshall Lair, named to the city clerk's job last July, will be in all probability, a candidate for a full term in the coming election. No opposition has been named for him as yet.

Chief of Police Guy Wood's term expires. He ran last year for the one year unexpired term of Leon Guthrie and was successful. He has not yet announced his intention of running for a full term.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

- Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?
- A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.
- With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed $4\frac{1}{2}\%$ each year to maturity.
- Q: When did the new rate become effective?
- A: June 1, 1969.
- Q: Does the new rate change the Bonds I bought before June 1, 1959?
- A: All older E and H Bonds pay more now—an extra $\frac{1}{2}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.
- Q: Will the Bonds I own automatically earn their new rate?
- A: Yes. You don't need to do a thing—just hold on to your Bonds.
- Q: When my H Bonds mature, will they keep on earning interest?
- A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.
- Q: With the new interest rate, should I cash in my old Bonds and buy new ones?
- A: No. The automatic 10% increase makes it unnecessary—and in almost every case it is—to your advantage to retain your present Bonds.
- Q: How are series H Bonds different from series E Bonds?
- A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

- Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00). H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

- Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

- Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

- Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy H Bonds automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installment are delivered to you automatically, too. Your bank will take your order for H Bonds.

- Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for justice. Money saved by individuals helps keep our economy sound.

Orange Juice Break May Be Better

A total of 37 billboards have been erected from one end of Florida to the other to remind motorists to take an "Orange Juice Break."

This outdoor advertising, placed by the Florida Citrus Commission, displays a colorful reproduction of the "Orange Juice Break" bumper plate which has been distributed thousand motorists. Purpose of the campaign is to encourage viewers to take a break during any motor trip, and to encourage the use of Florida citrus.

Kill this pellitory weed
in sugar cane.

Use Atrazine. Here's how:

When you see pellitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively . . . without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control pellitory at any stage of growth, early treatment assures best results. With pellitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents

pellitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for pellitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control pellitory weed this winter.

Fishing License Is Necessary

A fishing license can be the least expensive item in a sportsman's tackle box, especially when the fisherman is checked by a Florida Wildlife officer. During 1965, a total of 1,895 fishermen were apprehended and arrested for fishing without licenses, according to a statewide report of game, fish and boating arrests released by the Florida Game and Fresh Water Fish Commission.

During 1965, Florida Wildlife Officers reported a total of 5,347 arrests for violations of the laws, rules and regulations designed to protect Florida's wildlife and fresh water fish and Florida boating laws.

A breakdown of the arrests indicate that violations of hunting regulations accounted for 1,949 arrests, fishing violations accounted for 2,138 and boating violations amounted to 1,260 arrests.

Red Cross Drive Starts On March 1st

March 1 will be the start of the Red Cross Fund Campaign with Fred G. Yount as the 1966 chairman for Palm Beach County. He is currently a member of the Board of Directors and the Executive Committee of the Palm Beach County Red Cross.

He is president of the South Florida Fair and Exposition and has been a member of its board of Directors for the past eight years. He holds a firm conviction

that the Fair will continue to grow and prosper until it becomes the single outstanding event of the year in Palm Beach County. He has been a resident of Palm Beach County since 1955 when he sold his extensive business interests in Pittsburgh to come to Florida.

His interest in Palm Beach County dates back to the 1920's when he was employed by the Everglades Experiment Station in Belle Glade, as an assistant to Dr. R. V. Allison. Mr. Yount survived the 1928 hurricane and assisted in the evacuation

of hundreds of storm victims. He was the first president of the Florida Ramie Growers and Processing Association and later sold his holdings to the Florida Sugar Corporation.

In addition to his activities with the Fair, Mr. Yount has many interests, one of which is his Fred G. Yount, Inc., in which he conducts a land development business. He is a member of the Resources Development Board of Palm Beach County, having served on several of its committees.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS
